

# EMAIL SIGNATURE MANAGEMENT

Design and control  
corporate email signatures  
centrally and easily

# DESIGN AND MANAGE EMAIL SIGNATURES

Turn your corporate emails into a cost-effective communications channel

Exclaimer provides the perfect solution to create and control multiple organizational signatures from a centralized location.

Exclaimer allows you to control every users' email signature via an intuitive, easy-to-use web portal. Seamlessly create signatures using a drag-and-drop editor, designed for users of all technical abilities.

Professional email signatures on any device

- Ensure consistent, branded signatures for every user in your organization on every email.
- Get professional email signatures when sending from any web-enabled device including mobiles and Macs.

# BUILD TO PERFECTION

Do more with your email signature

# UNPARALLELED & POWERFUL

Achieve a consistent brand identity  
across all of your emails

- Easily design professional signature templates in a matter of minutes.
- Assign different signatures to different users and departments.
- Quick and easy to implement, quick and easy to use.
- Save valuable IT time and resources.
- Works with Microsoft 365, Google Workspace, and Microsoft Exchange.
- See signature in an email client whilst composing.
- Preview everything before it is applied across the company.
- Utilizes 12 datacenters worldwide located in the UK, European Union, North America, India, and Australasia.
- Easily create templates in minutes using an advanced drag-and-drop editor that requires no HTML skills to use.
- The first email signature management solution to be accredited with the ISO/IEC 27001 Certification.

## Consistently branded email signatures

**for every  
user**

**on every  
email**

**on any  
device**
