Downloading

Please refer to the following link on the Exclaimer website:
http://www.exclaimer.com/email-alias-manager-for-exchange/download.

Installing – Transport Agent

Download the 'Email Alias Manager for Exchange' installation file 'setup.exe' and run on one of the supported operating systems listed under the Software heading in the System Requirements section. An MSI is available from support by contacting:
support@exclaimer.com.

Uninstalling – Transport Agent

Uninstall can be achieved via the 'setup.exe' or MSI for the currently installed version of 'Email Alias Manager for Exchange' or via 'Programs and Features' in your operating system.

Upgrading

Upgrade can be achieved via the 'setup.exe' which will perform an in-place upgrade.

Fixed Issues

- Exception when sending via a file: COM object that has been separated from its underlying RCW cannot be used
