Prerequisites

- Domain user – The logged in user account is required to be an Active Directory account.
- Domain computer – The computer the user is logged into needs to be joined to an Active Directory domain.
- Active Directory permissions – The logged in user must have permission to upload photos to the required Active Directory accounts. (Alternate credentials can be supplied or control of the thumbnailPhoto and other Active Directory attributes can be delegated to the logged in user.)

Downloading

Please refer to the following link on the Exclaimer website:
http://www.exclaimer.com/outlook-photos/download

Installing

Download the 'Outlook Photos 2.1' installation file 'setup.exe' and run it. An MSI is available from support by contacting support@exclaimer.com.

Outlook Photos is installed on a per-user basis. Local Administration permission is not required for installation.

Uninstalling

Uninstall can be achieved via the 'setup.exe' or MSI for the currently installed version of 'Outlook Photos' or via 'Add/Remove Programs' in Windows Server 2003 or 'Programs and Features' in Windows Vista, Windows 7, Windows 8, Windows Server 2008 & 2012.

The configuration files are located in the following folder and will not be removed as part of the uninstall process:

Operating System	File Location
Windows Server 2003 x86 and x64. Windows Server 2003 R2 x86 and x64. Windows Small Business Server 2003. Windows XP x86 and x64.	\Documents and Settings\All Users\Application Data\Exclaimer Ltd\Auto Responder
Windows Vista. Windows 7. Windows 8. Windows Server 2008 x64. Windows Server 2008 R2 x64. Windows Server 2012. Windows Server 2012 R2. Windows Small Business Server 2008. Windows Small Business Server 2011.	\ProgramData\Exclaimer Ltd\Auto Responder

The uninstall process will not lose any of your configuration or settings.
Uninstalling removes Outlook Photos on a per-user basis. Local Administration permission is not required for uninstallation.

Upgrading

Upgrading can be achieved by uninstalling the current version and then installing the new version. Please refer to the install and uninstall instructions above.

Fixed Issues

- Some installed files were not digitally signed.
